
CONTENTS

- 1-12 Saleh A. Kabli**
Growth Activities of *Vigna sinensis* as Influenced by Zn and Microsymbiont of Mycorrhizae and *Rhizobium*
- 13-16 Umukoro G.E. and Bonyesom I.**
T - cell. Subset levels in some Nigerian patients with Burkitts Lymphoma
- 17-20 O.O. Agarry, O.B. Olorunfemi, Y.A. Babarinde and F.C. Adetuyi**
Effects of Antibiotics on the Survival of *Agrobacterium tumefaciens* on Cowpea (*Vigna unguiculata* (L) Walp) Cultures.
- 21-28 N. Lokeswari, K. Jaya Raju and M. Narasimha Rao**
Production of Gallic Acid from Tannin using Three Different Fungal Strains by Submerged Fermentation
- 29-32 Okiemute Emmanuel Idise**
Microbial Deterioration of Agidi During Storage
- 33-38 O.O. Ojo, A.O. Ajayi and I.I. Anibijuwon**
Antibacterial Properties of Extracts of Some Chewing Sticks Commonly Used in Southwestern Nigeria.
- 39-44 C.R. Falegan and O.M. David**
The Effect of Fermentation on Nutritional Composition of Cottonseeds (*Gossypium hirsutum* Linn) for Production of 'Owoh'
- 45-50 Farid Badria and Sami Gabr**
Prediction of Liver Fibrosis and Cirrhosis Among Egyptians using Noninvasive Index
- 51-53 Okiemute Emmanuel Idise**
Inhibition of Food Spoilage Organisms with Neem Seed Oil
- 55-57 S. Sahoo, P.K. Panda, S.R. Mishra, A. Tripathy, S.K. Dash and P. Ellaiah**
Optimization of some Physical and Nutritional Parameters for Production of Hyaluronidase from *Streptococcus equi* SED 9 by Submerged Fermentation
- 59-64 Sashi Kanta Dash**
Bacterial Biodiversity of Bay of Bengal at Orissa Coast: The Unseen Gifts and Threats.
- 65-68 M. Ngomdir, B. Debbarma, A. Debbarma, S. Chanda, S. Raha, R. Saha, S. Pal (Datta), R. Choudhury, P.R. Bhattacharjee, B.B. Goswami and B. De**
Antibacterial Evaluation of the Extracts of Edible Parts of few Plants used by Tribal People of Tripura, India
- 69-82 Ajaypal Singh, Omji Porwal, Neeraj Sharma, Amit Singh, Saurabh Kumar and P.K. Sharma**
Effects of Prebiotics on Gut and Human Health: A Review

CONTENTS

- 83-90 Shaheen Afroz and A.K. Srivastava**
Evaluation of some Species of *Aspergillus* for their Biodegradation capability to Degrade Silk Industry Effluent of Reservoir Khajua lake at Mubarakpur, Azamgarh, (U.P.)
- 91-94 S. Kulandaivel, R. Prakash, K. Anithadevi and N. Arunnagendran**
Fermentation Process and Nutrition Study of *Xanthomonas campestris* and *Xanthomonas malvacearum* in xanthan gum production
- 95-100 J. Annapurna, M. Himabindu, Subhakar Ch. and Maanasa Jetty**
Enhancement of Oxytetracycline Production by Heat Shock using Microwave
- 101-104 P.K. Sharma, Neeraj Sharma, A.P. Singh and Nisha Mary Joseph**
Development and Evaluation of Buccal Film of Carvedilol
- 105-108 A. Muruganandam, S. Arivoli and B.R. Venkatraman**
Studies on Antibacterial Activity of Newly Synthesized Inorganic Complexes
- 109-112 S. Kulandaivel, R. Prakash, R. Anitha and N. Arunnagendran**
Comparative Studies on Biochemical Profile of *Spirulina platensis* and *Oscillatoria* Sp. on Synthetic Medium and Dairy Effluent
- 113-114 B.L. Chaudhary and Rubina Khanam**
Screening for Antibacterial Activity of *Asterella angusta* (Steph.) Kachroo.
- 115-118 Navneet Verma, A.K. Wahi, Anurag Verma, P. Chattopadhyay**
Evaluation of a Mucoadhesive Buccal Patch for Delivery of Atenolol:
In vitro Screening of Bioadhesion
- 119-122 O.O. Ojo, A.O. Ajayi and I.I. Anibijuwon**
Antibacterial Properties of Extracts of Some Nigerian Spices
- 123-125 M.E. Shelke**
Antimicrobial activity of 1-Substituted-2-thio-(1H)-4-(3-phenylthio-carbamido-1-yl)-6-(1-substitutedguanidino-3-yl)-1,2-dihydro- S-triazine.
- 127-129 S. Kulandaivel, R. Prakash, R. Anitha and N. Arunnagendran**
Antibacterial Activity of *Spirulina platensis* and *Oscillatoria* sp.
- 131-132 Vivek Mishra and Archana Mishra**
Fortified Soy Foods. A Novel Source of Proteins for Common Man
- 133-135 M.E. Shelke**
Biological activity of 2-(1- substitutedguanidino-3-yl)-4-(3-phenylthiocarbamido-1-yl)-6- substituted imino-1,3,5-thiadiazine
- 137-138 C.B.S. Dangi**
The Secret of Certain Human Diseases
