

CONTENTS

- 517-523 Haseeb Ahmad Khan**
Molecular Identification and Phylogeny of Commonly Occurring Periodontal Bacteria using 16S rRNA Gene Sequences
- 525-536 B.V.E. Viera, F. Madayanti, I.N.P. Aryantha and Akhmaloka**
Succession of Eukaryotic Communities during Traditional Composting of Domestic Waste based on PCR-DGGE Analysis
- 537-541 Umar Farooq, Xiaoming Liu and Hao Zhang**
Safety Aspects of *Lactococcus lactis* as a Dairy Starter
- 543-549 Margarida Flores Roza-Gomes, Eliandra Mirlei Rossi, Marciele Bogo, Michelly Suzanne Zanella and Diane Scapin**
Search for Coagulase-Positive *Staphylococcus*, *Salmonella* spp. and *Listeria monocytogenes* from Cockroaches in Residential Kitchens
- 551-556 Kh. Hazrati Tappeh and A. Uner**
Circulating Antigen Detection in Patient Serum for Diagnosis of Cystic Echinococcosis
- 557-563 O.M. Kolawole, J.O. Adebayo, S.O. Oguntoye, A.I. Okoh and N. Mazomba**
Haematological Evaluations of the Antimalarial Activity of *Bridelia ferruginea* Benth Bark
- 565-569 H. Darabi, A. Raeisi, K. Shemshad, F. Pakbaz, A.M. Khajeian, A.A. Hanafi-Bojd and J. Rafinejad**
Malaria in Bushehr Province (2001-2008), Southern Iran: An Approach Towards Elimination
- 571-576 Yahya Islamoglu, Enbiya Aksakal, Zekeriya Kaya, Zuhail Atilgan, Fethullah Kayan, Sumen Sunbul, Kamuran Kalkan and Sait Alan**
General Features of Infective Endocarditis in the South-Eastern and Eastern Anatolia: A Retrospective, Multicenter Study
- 577-582 Masoud Rahmani, Hossein Afshari, Afshien Esmaili Daheht, Abbas Tavakoli Vaskas and Davoud Nasiri**
Evaluating the Antimicrobial Effects of *Zataria multiflora* Essential Oils on Bacterial Growth of *Listeria monocytogenes* in Roast-Chicken Fillets
- 583-588 Dilek Keskin, Nur Ceyhan and Aysel Ugur**
Chemical Composition and *in vitro* Antimicrobial Activity of Walnut (*Juglans regia*) Green Husks and Leaves from West Anatolia
- 589-596 A.O. Ojokoh and E.N. Udeh**
Microorganisms Associated with the Natural Fermentation of Extruded Sorghum-Soya Blends

CONTENTS

- 597-608 Mahboob Ahmad, Malik M. Ahmad, Rifat Hamid, M.Z. Abdin and Saleem Javed**
In vitro Inhibition Study against *A. flavus* with *Stenotrophomonas maltophilia* Immobilized in Calcium Alginate Gel Beads
- 609-613 Dudi Hardianto, Marlia Singgih Wibowo, Amir Musadad, Wahono Sumaryono, Juwartina Ida Royani and Tutus Gusdinar**
Improvement Lovastatin Production of *Aspergillus terreus* by pTRLI plasmid Transformation
- 615-620 Qasem Abu Shaqra, Walid Almomani and Moaz Al Zoubi**
The Dead Sea Water Harbors No Keratinophilic Fungi
- 621-625 L. Arbabi, J. Vandyoudefi, M. Bouzari, F. Rahimi and A. Rastegar Lari**
Antibiotic Susceptibility Pattern Among Vancomycin Resistant Enterococci Isolated From Meat and Fecal Samples in Tehran Livestock Husbandries
- 627-632 Masoomeh Shemshad, Khadijeh Shemshad, Mohammad Mehdi Sedaghat and Javad Rafinejad**
Prevalence of Ovine and Bovine Theileriosis in Domestic Ruminants based on 18s rRNA Gene and Microscopic Techniques in Qazvin Province, Iran
- 633-637 Xian-Lin Zhao, Gui-Jun Xue, Yi-Lin Liu, Mei-Hua Wan, Guang-Yuan Chen and Wen-Fu Tang**
Influence of Early Refeeding on Triglyceride in Patients with Mild Acute Pancreatitis
- 639-643 M. Shemshad, K. Shemshad and J. Rafinejad**
Knowledge, Attitude and Practice Study on Microbiological Agents Transmitted by Ticks in Qazvin Province, Iran
- 645-651 Komar Ruslan, Yaya Rukayadi, Retno Wahyuningsih, Marlia Singgih and Elfahmi**
Antimicrobial and Cytotoxic Activities of *Jatropha curcas* Seedcake from Biofuel Production
- 653-658 Masoud Rahmani, Hossein Afshari, Afshien Esmaili Dahest, Abbas Tavakoli Vaskas and Davoud Nasiri**
Evaluating the Antimicrobial Effect of *Zataria multiflora* Essential Oil on *E. coli* 0157:H7 in MDM (Mechanical Deboned Meat) on Different Days of Storage in Refrigerator
- 659-664 K.C. Edward and C. Chikwem**
The Antibiotic Sensitivity Pattern of *Escherichia coli* isolated from Street Vendored Vegetable Salad in Umuahia, Nigeria
- 665-670 P.L. Martin, J.D. Uzabakiriho and P.M. Chimwamurombe**
Molecular Identification of Several Leaf Endophytic Fungi in *Tylosema esculentum* (Marama Bean) Leaves in the Otjiwarongo Area of Namibia

CONTENTS

- 671-675 Masumeh Anvari, Najmeh Ranji and Fatemeh Khoshmaslak**
Antibacterial Susceptibility of Three Vancomycin-Resistant *Staphylococcus aureus* Strain Isolated from Northern Part of Iran
- 677-682 J.O. Alegbejo and D.A. Ameh**
Glycaemic Index of Market Plantain in Healthy and Diabetic Subjects
- 683-699 Seda Karasu-Yalcin, Sule Senses-Ergul and Z. Yesim Ozbas**
Determination of Some Technological and Probiotic Characteristics of the Yeast Strains Isolated from Traditional Erzincan Tulum Cheese Produced in Turkey
- 701-706 Farinaz Rashed Marandi, Mohammad Rahbar, Rogeih Sabourian, Mahnaz Saremi and Maryam Mir-Mohammad Ali Roodaki**
Proficiency of Clinical Microbiology Laboratories in Iran for Performance of Susceptibility Testing of *Staphylococcus aureus* against Methicilin and Vancomycin
- 707-712 Maryam Dehghani, Faramaz Masjedian, Reza Mirnejad, Abbas Ali Imani Fooladi and Setareh Haghghat**
Antimicrobial Susceptibility Patterns and Distribution of blaKPC Genes among *Acinetobacter baumannii* Isolated from Patients at Tehran - Iran Hospitals
- 713-716 L.S. Garas, J.D. Uzabakiriho and P.M. Chimwamurombe**
Isolation and Identification of Fungal Species Associated with Gall Formation on *Acacia mellifera* in the Western Windhoek
- 717-729 Mohsen Sohrabi, Hesam Kamyab, Narges Janalizadeh and Fahrul Zaman Huyop**
Bacterial Desulfurization of Organic Sulfur Compounds Exist in Fossil Fuels
- 731-736 Ali Karimi Bakhshandi, Hamid Reza Ahmadi Ashtiani, Hossein Rastegar and Shamsali Rezazadeh**
Evaluating the Effect of Gontscharovia popovii Essence and Extract on Eight Bacterial Strains and Comparison of the Antimicrobial Effect with Some Antibiotics
- 737-746 Abrar Ali Khan, Anup K. Singh, Ritesh S. Bankar, Priyanka Dutta and Anil M. Limaye**
Production of Extracellular Proteases by *Bacillus cereus* (Strain PD1) Grown on pH Adjusted Whey
- 747-750 Hamid-Reza Samadlouie and Zohreh Hamidi-Esfahani**
Effect of Plant Essential Oils on Arachidonic Acid and Oil Production by *Mortierella alpine* CBS 754.68
- 751-756 Masoumeh Navidinia, Abdollah Krimi, Raheleh Radmanesh Ahsani, Fatemeh Fallah, Saadat Adabian, Mohammad Ali Malekan and Zari Gholinejad**
Antibiotic Susceptibility Spectrum in UPEC from Urine in Children with UTI in Mofid Children Hospital

CONTENTS

- 757-763 **P. Pourali, M. Baserisalehi, S. Afsharnezhad, J. Behravan, H. Alavi and BBA Hosseini**
Biological Synthesis of Silver and Gold Nanoparticles by Bacteria in
Different Temperatures (37°C and 50°C)
- 765-772 **Anthony A. Adegoke, Mvuyo Tom and Anthony I. Okoh**
Stenotrophomonas maltophilia, A Commensal of Importance to Biotechnology
- 773-780 **J.O. Alegbejo and D.A. Ameh**
Glycaemic Index and Blood Glucose Responses of Type 2 *Diabetes mellitus* and
Healthy Subjects to Rice and Beans Meal
- 781-787 **Ramasamy Rajeshkumar, Shitarashmi Sahu and Juhie Rani Agharwal**
Biosorption of Cadmium (II) Ions by the Cadmium Tolerant Bacteria Isolated from the
Chemical Exposed Soil of Fireworks Industry
- 789-796 **Masumeh Anvari**
Optimization of Lipase Production from Rice Straw using Response Surface Methodology
by *Aspergillus niger*
- 797-801 **Mrinal Kanti Bhattacharjee P.B. Mazumdar and G.D. Sharma**
Isolation and Characterization of Nitrogen Fixing Bacteria *Beijerinckia* from
Tea Rhizosphere of South Assam, India
- 803-805 **Abbas Maleki, Sobhan Ghafourian, Nourkhoda Sadeghifard, Mahnaz Shafiean,
Ali Hematian, Mitra Khosravi and Reza Mohebi**
Prevalence of Intestinal Parasitic Infections among Suspected Referred Patients to
Reference Laboratory of Ilam, West Iran
- 807-812 **Shampa Anupurba and Tuhina Banerjee**
Drug Resistance in Clinical Isolates of Enterococci with Special Reference to Vancomycin,
from North India
- 813-822 **Sukhpreet Singh Purewal, R.S. Kahlon, R.P. Singh and Nikunj Gupta**
Incidence of Drug Resistance among Bacteria Isolated from Neutropenic Cancer Patients
undergoing Chemotherapy
- 823-828 **Priyanka Priyadarshini, Pratima Ray and Sukantibala Mohapatra**
Bioactive Potential Assessment of Thermophilic Bacteria Present in
Different Types of Compost
- 829-836 **P. Pallavi, S. Jeevan Chandra and S. Ram Reddy**
Characterization of a Lipase Produced by *Bacillus* species Strain Lp5

CONTENTS

- 837-844** **Angira Ghosh, Sourav Bhattacharya and Arijit Das**
Evaluation of Cultural Parameters Involved in the Overproduction of Poly- β - Hydroxybutyrate from *Azotobacter vinelandii*
- 845-850** **Mrugesh Khunt, Neepa Pandhi and Archana Rana**
Media Optimization for Lipase from *Halomonas salina* Mk-23, Moderate Halophiles Isolated from Wild Ass Excreta
- 851-858** **Arunkumar Mani, Seetha Gunasekaran, Rajendran Sundarraj, Ramya Swaminadhan and N. Gayathri**
In vitro Antibacterial Activity of Carrot and Watermelon Juices Probioticated using Lactic Acid Bacteria against Intestinal Pathogens
- 859-867** **Swetha Sunkar and Valli Nachiyar**
Endophytes: A Prospective Source of Enzyme Production
- 869-874** **G.S. Deora and Gunjan Vishwakarma**
Phytochemical Screening and Antibacterial Activity of *Plagiochasma intermedium* Lindenb et Gottsche – A Liverwort
- 875-879** **N.A. Ghanwate and P.V. Thakare**
Study on Biofilm Production by Uropathogenic *Escherichia coli* Isolated from Tertiary Health Care Centers of Vidarbha and its Correlation with Antibiotic Susceptibility
- 881-887** **M. Saraswathi and M.N. Reddy**
Morphological and Physiological Characterization of *Sclerotium rolfsii* Pathogenic to Groundnut (*Arachis hypogaea* L.)
- 889-893** **Manpreet Kour, I. Soni and Rajni Sharma**
Assessment of Biofilm Formation by *Enterococcus* spp. from Clinical Isolates
- 895-898** **M.R. Bhat**
Microbial L- Asparaginase an Enzyme with Encrypted Potential
- 899-902** **Desh D. Singh and Vinod Singh**
Antimicrobial Potential of Two Solanum species used in Folkloric Medicine
- 903-911** **Vandana Magarde, S.A. Iqbal, Ishaq Zaafarany and Nilofar Iqbal**
Pollution Status with Reference to Microbiological Aspects of Upper Lake, Bhopal, India
- 913-916** **D. Kannan, V. Jeyanthi Kumari and B. Prathiba**
Degradation of Cyanide in Cassava (*Manihot esculenta*) Plant Leaves by *Pseudomonas* sp.

CONTENTS

- 917-920 **Shalini Malhotra, Sanjiv Ahuja, Nirmaljit Kaur Bhatia, Shweta Sharma, Ankit Chauhan and Charoo Hans**
Seroprevalence of Hepatitis E from a Tertiary Care Hospital in Central Delhi, India
- 921-925 **M. Radha Krishna Reddy and S.A. Mastan**
Non Conventional Protein for Human Race from *Spirulina maxima*
- 927-930 **Samreena Baqal and Ujwala Jadhav**
Strain Improvement for the Increased Production of Beta-carotene by *Rhodotorula minuta*
- 931-935 **V. Vidhyalakshmi and I. Jaquiline Chinna Rani**
Study on the Detoxification of Chromium by Microorganisms Isolated from Tannery Effluent
- 937-940 **Surekha Y. Asangi, J. Mariraj, S. Krishna, T.S. Kumudini, Nagabhushan and Rashmi**
Prevalence of Clinically Significant Coagulase Negative Staphylococci and their Speciation in Tertiary Care Centre
- 941-944 **S. Vanitha and A.R. Hanumanthappa**
Seroprevalence of HIV, HBV and Syphilis in Pregnant Women
- 945-947 **D.B. Nakade**
Studies on Actinomycetes in Rankala Lake of Kolhapur City and their Screening as Potential Antibiotic Producer
- 949-951 **A.R. Hanumanthappa, V.L. Jayasimha, G. Vishwanath, K.C. Siddesh, V. Vijayanath and M.R. Anitha**
Dengue and its co Infections: A Six Months Study
- 953-956 **D. Kannan and B. Prathiba**
Bacterial Decolorization of Textile Dye Effluents
- 957-961 **Nisha Mangavil Muraleedharan, Krishnamurthy Kempagangaiiah, Chaithra Krishnamurthy, Trishita Mishra and Shilpa Shree Chunchunahalli Boraiah**
Optimization of Growth Conditions for *Serratia marcescens* (CBCC 47) for Enhanced Insecticidal Activity against Diamond Back Moth (*Plutella xylostella*)
- 963-966 **Ramiz Raja, Asif Iqbal, Manzoor Ahmad, Yasir Hafiz and M.M. Willayat**
Study the in-vitro Sensitivity of Most Common Biotypes of *B. cereus* towards Commonly used Antibiotics
- 967-970 **R.B. Srivastava, P.K. Upadhyay and S.K. Sinha**
Effect of Nutritional Broth on the Actinomycetes and their Antibiotic Activity

CONTENTS

- 971-974** **K.N. Basavaraj, B.P.M. Rajendraprasad and M. Veena**
Detection of IgM Antibodies to Hepatitis A and E Viruses in Children with
Clinically Suspected Infectious Hepatitis
- 975-979** **Yasir Hafiz, Asif Iqbal, Manzoor Ahmad, Najimaana Wani and M.M. Willayat**
Prevalence of *Bacillus cereus* in *Mutton Tikka* and *Chutney* Samples in
Different Seasons in Kashmir Valley
- Letter to Editor*
- 981** **Ali Mehrabi Tavana**
Why *Streptococcus pneumoniae* is Present in Eye Patients?
- Meeting Report*
- 982-984** **Amrita Kumari Panda and Satpal Singh Bisht**
IUMS 2011 - Meeting Report (International Congress of Bacteriology and Applied
Microbiology 2011)
